

Use with *Triangles and Beyond*, page 23.

3. a. Measure the angles and sides of triangle ABC and label the drawing.
- b. Mark the triangle's largest angle.
- c. Mark the triangle's longest side.

4. a. With one color, mark the smallest angles and the shortest sides of triangles I, II, and III.
- b. Next, with a different color, mark the largest angles and the longest sides of triangles I, II, and III.
- c. Do you see another possible geometric property of triangles from the answers to problems 3 and 4? If so, what is the property?
